FOUNDED IN 1912 BY GEORGE SARTON

ONE HUNDRED FIRST CRITICAL BIBLIOGRAPHY
INDEX

Official Journal of the History of Science Society
VOL. 67, 5, NO. 240
pp. 181–200

This index was not printed with the 1976 Critical Bibliography due to error in the Isis Editorial Offices. It has therefore been produced separately.

INDEX TO CRITICAL BIBLIOGRAPHY 101

The following index contains all the personal names appearing in the Critical Bibliography. It also contains the names of institutions when used as author or subject. The numbers in the index refer to individual citations, not to page numbers. Numbers in roman style refer to items in which the person or institution indexed is either the author or editor of the work cited. Italic numbers refer to items in which the person or institution indexed is treated as a subject.
